# ABOUT US

---

**Geo Silk,  
owned by HMN2 Group,**

**is a Real Estate  
Facilities Management  
Company**

**based in Tbilisi,  
Georgia.**

Our priority is to develop and maintain long-term business partnerships with our clients and provide them with world-class quality services.

# ABOUT US

When it comes to real estate, Geo Silk's aim is to concretize its clients' set goals and fulfill their expectations by presenting them with a wide range of services, such as the execution of designer high-end, sustainable residential and public complexes. Many of our ongoing projects are located within—but are not limited to—Georgia's most significant locations, namely Tbilisi, Gudauri, and Batumi.

As a leading real estate investor, Geo Silk strives to assure its clients seize every opportunity they are offered before setting long-term goals and making investment decisions. By organizing different tour packages, we ensure investors become well acquainted with the country they plan to invest in as they are provided with an overview of that country's cultural heritage, historical background, population, religion, climate, banking system, tax rates, cuisine, tourism, political system, transport infrastructure, and so on.

In addition to offering real estate services, we at Geo Silk tend to meet our clients' diverse requirements—particularly those related to laundry, delivery, cleaning, and various types of formalities—with competitive practical solutions.
